

Summer

Summer feels as if it is magic
Like the smell of humid air
And not having to care
With the sound of creeks running
Or the sight of sunsets, oh so stunning.

And the fireflies shining bright
You see the twinkle all through the night
Summer is filled with the outdoors
Like walking through streams,
Jumping in the lake,
Or playing your favorite outdoor games.

The best part might just be the people
Hanging out with your friends whenever you want
People are always happiest when it's warm,
But not so thrilled when they hear the sound of a bee swarm.

Summer is the time to achieve dreams
Or run through streams,
Jump in the pool
And the nights
Warm but also cool.

Summer is the best season
It feels like a dream,
Whether it's going on bike rides,
Or watching the sunset
Summer will forever be close to my heart.
